## THE HOME TOWN

Some folks leave home for money

And some leave home for fame.

Some seek skies always sunny,

And some depart in shame.

I care not what the reason

Men travel east or west,

Or what the month or season,

The home town is the best.

The home town is the glad town,

Where something real abides.

'Tis not the money-mad town

That all its spirits hides.

Though strangers scoff and flout it

And even jeer its name,

It has a charm about it

No other town can claim.

The home-town skies seem bluer

Than skies that stretch away.

The home-town friends seem truer

And kinder through the day.

And whether glum or cheery,

Light-hearted or depressed,

Or struggle-fit or weary,

I like the home town best.

Let him who will go wander

To distant towns to live.

Of some things I am fonder

Than all they have to give.

The gold of distant places

Could not repay me quite

For those familiar faces

That keep the home town bright.

## GOOD ROADS

The country is now spending well toward 200 million dollars a year on rural roads—perhaps twice what it was spending for that purpose ten years ago. Faith in good roads probably increased during the decade in an even greater ratio, and it will be surprising if the expenditure ten years hence is not double 200 million dollars.

This is mainly, of course, an effect of the motor car; but a lot of people misjudge the motor car because they forget—or do not know—that in all the more prosperous rural regions a gasoline vehicle nowadays is just about as standard an implement as a mowing machine. The day has long gone by when good roads agitation could be discredited by ascribing it to bloated urban plutocrats who wanted to ride comfortably.

By an act that became law last month the federal government purposes to contribute 75 million dollars for good country roads used by the postal service, sharing the expense equally with the states or other local units. The work is to be done on specifications approved by the Department of Agriculture, duly inspected and approved.

The federal government ought to contribute, for highways are a legitimate national interest. Under this law it helps no community that does not first help itself. Its participation will tend powerfully to standardize road building and to distribute the results of experience; so it should tend to give a better quality of road for no greater cost.

Twenty-five years ago any given so-called public highway was usually the exclusive affair of a board of supervisors or commissioners who ruled for a year over a territory three or four miles square. Presently the counties came in; then the states; now the federal government—which is as it should be.—Saturday Evening Post.

Nurses' shoes for tired, aching feet can be bought at Gulick's only. Lace and button.

Not only Neodesha, but most of the cities and towns on the Frisco railroad, will be glad that the Frisco receivership is brought to an end. Ever since the road went into the hands of the receivers, conditions have been unsettled, especially in the matter of improvements. While the things that were absolutely necessary were looked after in a way, many improvements were put off until the receivership should end. Now that it is about to close it is to be hoped that the company officials will give Neodesha the things it deserves from the road, and that matters generally will be adjusted for the betterment of the company's property and its relations to the public.—Daily Sun.

## BLAME WILSON

Because he's kept us out of war,

Blame Wilson!

For all he does, and does it for,

Blame Wilson!

Right done by him becomes a wrong,

That is the burden of my song,

I'll "soak it to him" good and strong.

Blame Wilson!

If we have lost the world's respect,

Blame Wilson!

(Though no such loss can I detect),

Blame Wilson!

With merciless abuse I'll heap

The man who dares the peace to keep;

This is both plentiful and cheap—

Blame Wilson!

For every word and every deed,

Blame Wilson!

That is my gospel and my creed,

Blame Wilson!

Deny that anything is right,

Strike out at everything in sight,

Oh! I am not "too proud to fight,"

Blame Wilson!

If after months of heaping blame,

Blame Wilson!

I find I've played a losing game,

Blame Wilson!

A crushed and disappointed man,

Keenly regretting that I ran,

For the result I justly can

Blame Wilson!

## AURORA TO HAVE A FAIR

The dates for the Aurora District Fair are set for October 10, 11, 12 and 13. These dates were selected in order not to conflict with any other fair, and the name, "Aurora District Fair" was selected because the Aurora District Fair is really the only fair to be held in this section of the state—the "District" is meant to include all southwestern Missouri.

For catalog, address J. F. Coss, Secretary, Aurora, Missouri.

## COMING BACK

United Doctors Specialist will Again Be at Monett, Mo., Broadway Hotel, Friday, September 1, 1916

## ONE DAY ONLY

Hours 9 a. m. to 6 p. m. Remarkable Success of Talented Physician in the Treatment of Chronic Diseases. Offer Services Free of Charge

The United Doctors Specialist, licensed by the State of Missouri for the treatment of all diseases, including deformities, nervous and chronic diseases of men, women and children, offer to all who call on this trip, consultation, examination, advice free, making no charge whatever, except the actual cost of treatment. All that is asked in return for these valuable services is that every person treated will state the result obtained to their friends and thus prove to the sick and afflicted in every city and locality, that at last treatments have been discovered that are reasonably sure and certain in their effect.

The United Doctors are experts in the treatment of chronic diseases and so great and wonderful have been their results that in many cases it is hard to find the dividing line between skill and miracle.

Diseases of the stomach, intestines, liver, blood, skin, nerves, heart, spleen, rheumatism, sciatica, tapeworm, leg ulcers, weak lungs and those afflicted with long-standing, deep seated, chronic diseases, that have baffled the skill of the family physician, should not fail to call. Deafness often has been cured in sixty days.

According to their system no more operations for appendicitis, gall stones, tumors, goiter, piles, etc., as all cases accepted will be treated with out operation or hypodermic injection, as they were among the first in America to earn the name of "Bloodless Surgeons," by doing away with the knife with blood and with all pain in the successful treatment of these dangerous diseases.

No matter what your ailment may be, no matter what others may have told you, no matter what experience you may have had with other physicians, it will be to your advantage to see them at once. Have it forever settled in your mind. If your case is incurable they will give you such advice as may relieve and stay the disease. Do not put off this duty you owe yourself or friends or relatives who are suffering because of your sickness, as a visit at this time may help you.

Worn-out and run-down men or women, no matter what your ailment may be, call, it costs you nothing. Remember, this free offer is for this visit only.

Married ladies come with their husbands and minors with their parents. Laboratories, Milwaukee, Wisconsin. d & w.
